Project Recreate is part of the ongoing Interreg IVA France (Channel) England Programme co-financed by the European Regional Development fund. (2007-2015)

Through the Recreate Project, Medway will benefit from support for new and established creative sector businesses. Galleries, artists' studios and co-working space will be developed from empty commercial premises in the lower High Street of Chatham.

Medway will also benefit from a strong network of UK and French partners across the Recreate project area.

**Growing our creative economy**

## **in Medway**

- A creative space for start-ups and entrepreneurs
- A pop up shop: the opportunity for creative sector businesses to showcase and sell their work
- A network of Recreate businesses across the 11 partner areas, encouraging collaboration and exchange
- A tailored business support programme for creative industries
- Performing arts events, film festivals and arts & crafts markets
- A student exchange programme and opportunities for graduates
